## Commissioners' Report

---

To the Citizens of Grafton County :

Your Commissioners herewith present their report together with the report of the Treasurer, Auditor, Superintendent, Jailer, Clerk of Court, Solicitor, Sheriff, Chaplain, Physician, and Farm Bureau.

The number taken care of at the Farm shows a decrease of 571 weeks compared to the year of 1932. However, the hospital has been filled to capacity. The inventory of the personal property at the Farm also shows a decrease of \$2,438.46, principally due to the low value of the live stock. However, the per capita cost was kept down to \$5.34 per week which includes all expense of the hospital and doctor's fees as well as all burial expenses.

As for taking care of the poor off the Farm, the year was really divided into two parts as the State Relief Administration had charge of this work for the last 6 months of the year. The first 6 months was the heaviest in the history of the County but was handled by the Commissioners with the assistance of a part time investigator and a part time clerk and one full time investigator which was provided by state funds.

The Emergency Relief Act which was approved June 14, 1933 was taken over by the Director of Relief on July 1 and included all relief covering aid for all persons other than those cared for in institutions. This Act specifically states that (Said workers are hereby directed to consult with and employ in the administration of this act county commissioners, selectmen, overseers of the poor and other agencies of government having to do with poor relief so long as reasonably competent service is rendered by them and such officers and agencies are hereby directed to comply with such requests as said workers may make upon them within the scope of this act or of existing statutes.)

In this County the workers have not consulted or employed the Commissioners but very little and although the Old Age Assistance law specifies that a decision should be made fourteen days from date of application or sooner, there has only been one lot of applications submitted to the Commissioners since July 1, although many applications have been filed.

The Commissioners have only been able to secure one bill from the Relief Administration and that not until January 6, 1934, which covered relief contracted to November 22, that had been paid, we were unable to find out how much more had been contracted but not paid. The bill as rendered had 80 cases which the Commissioners know nothing about and as the Relief Department had no affidavits covering same we were unable to determine whether the cases belong to Grafton County or not.

Although the County tax only covers 25% of the actual relief given with a payroll of \$1000 per month for workers and assistants and expenses of as much more to simply supply the relief and in addition to this the expense of paying bills from the Concord office, all of which has to be paid by taxation, naturally the expenses have increased by leaps and bounds and in the opinion of the Commissioners, the poor unfortunate had not been as well taken care of as most of the investigators are from out of the State and their only interest is in their job.

The Commissioners wish to extend their thanks to Mr. and Mrs. J. Earl Andrews, Superintendent and Matron, and all other employees for the faithful and efficient manner in which they performed their duties.

The Commissioners further wish to extend their thanks to the various County and Town officers and all others for their assistance in carrying on the work of the County.

The Commissioners extend to the people of the County of Grafton and the public in general a hearty and sincere invitation to visit and inspect the Grafton County Farm. The former are especially urged to do so as it is their Farm and an institution in which they alone should be interested.

Respectfully submitted,

GEORGE A. PUSHEE,  
FRED PARKER,  
JOHN GADD,

Commissioners.

## Selectmen of Town and Overseers of the Poor

Your attention is called to the following extracts from the laws of 1903:

### CHAPTER 42, SECTION 1

SECTION 1. Any town or county furnishing any assistance to any person within six years preceding his death shall be entitled to recover from the estate of such persons the sum or sums paid out for such assistance, the said claim to be a preferred claim against his said estate after payment of funeral charges, expense of last sickness and expenses of administration, provided he leaves no widow or minor children living at his decease.

### CHAPTER 106, SECTION 1, as amended

“SECTION 1. No town shall be liable for the support of any person unless he, or the person under whom he derives his settlement, shall have wholly gained a settlement therein during the ten years preceding the last date of application for support provided that no person having a settlement in any town in this state upon arriving at the age of seventy years shall lose that settlement on account of being exempt by law from paying a poll tax, if he resides in said town.”

### ASSISTANCE TO PERSONS IN QUARANTINE: PUBLIC STATUTES, CHAPTER 110, Following SECTION 6

SECTION 2. All expenses thus incurred, or such part thereof as the board may determine, shall be deemed a legiti-

mate expenditure for the protection of the public health and shall be charged to the account of incidental expenses, but not to any indigent pauper account, nor shall such expenditure be construed to mean a public aid to the person or persons so quarantined and assisted unless such person or persons are already paupers as defined by the Public Statutes.

The year 1933 brought many changes at the farm, as an unusually large number of our aged and infirm inmates passed away. This made a slight decrease in the average number for the year.

There are always repairs and improvements to be made, and the past year has proved no exception. The farm cottages and stables underwent much-needed repairs, adding to the convenience and sanitary condition of the buildings. Permanent repairs were made in the heating plant. Spare time was spent clearing the hillside, enlarging and improving the pasture, and providing the year's supply of wood. For all of this work old materials were utilized and inmate labor employed as far as possible.

Although no farm committee was appointed for the year, County Agent Ross Wilson gave his time and care to the keeping of the farm records as in 1932. His aid was much appreciated.

Flower Mission Day and Field Day were observed, bringing some extra work, but much enjoyment to the family.

As in years past we have been well remembered by outside friends who have contributed books, magazines, candy, flowers and many other gifts. To all of these friends we extend thanks.

We also thank the Commissioners, Physician, Chaplain, Employees and all others with whom we have been associated during the year.

Respectfully submitted,

J. EARLE ANDREWS, Supt.

ANNE M. ANDREWS, Matron.

We hereby certify that we have examined the foregoing account of the Superintendent of the County Farm for the year ending December 31, 1933 and find them correctly cast and properly vouched.

GEORGE A. PUSHEE,  
FRED PARKER,  
JOHN GADD,

Commissioners for Grafton County.

## Chaplain's Report

---

To the Commissioners of Grafton County:

Greetings:

It is with joy that I submit to you a report of the privilege I have had in ministering to all my friends at the Grafton County Farm Home.

Alternating Sundays we have had regular worship service in our chapel. These services have been well attended by both staff and residents in the Home. Good music and inspirational messages have been my objective. At convenient times I have ministered unto those in prison as well as those confined to the hospital.

The church school from the North Haverhill Methodist Church presented a play "The Christmas Voice" which was well received by all present. The Christmas program was again held on the evening of Dec. 25, and all seemed to have had a joyous Christmas.

Beautiful services have been held in memory of our friends who departed and at all times your servant shall endeavor to give to all in the home the greatest measure of cheer possible and keep vigilance with our friends over their spiritual glow at eventide.

Let me grow lovely growing old  
So many fine things do;  
Laces and ivory and gold,  
And silks need not be new;  
And there is healing in old trees  
Old streets a glamour hold;  
Why may not I, as well as these  
Grow lovely, growing old?

Sincerely,

GILBERT W. WIETING.

## Physician's Report

---

To the Honorable Commissioners of Grafton County;

Gentlemen:

I herewith submit my report of the clinical affairs of the hospital for the year ending December 31, 1933.

Under the management of Superintendent and Mrs. Andrews, the hospital has completed another successful year. Three graduate nurses are regularly employed: Mrs. Clark, head nurse; Miss Pushee, Miss Applebee. There are also two orderlies: Mr. McIntire, Mrs. McDonald.

As is common in other like institutions, we have always at hand certain ones of the inmates who prefer work to idleness, and they are allowed to do some of the routine work, such as, sweeping floors, etc., but always under supervision.

No private patients have been admitted during the year.

The hospital is well equipped to care for both medical and surgical cases. There is no finer operating room than this in northern New England. The wise policy of the Commissioners in offering the use of the operating room to any surgeon in the County who has sent his patients here, to come in and operate on his own patient, has proven of great satisfaction to many. Some desire their own surgeon to do their operation.

When extremely difficult operations are to be performed, the Commissioners have always been ready and willing to allow me to call in specialists, and that has been done on occasion.

The X-ray equipment is still of signal service. We are particularly fortunate that we have Miss Pushee, who is one of our regular nurses, who can both make the exposures and develop the films in a creditable manner.

The hospital is continuing its usefulness to the County. One hundred and sixty-five patients discharged, cured or improved is proof of that.

Besides those in the hospital many patients have been attended in the almshouse, jail and House of Correction. The hospital stands ready to receive emergency cases at all times, day or night, but before such cases are sent in, one of the Commissioners should be consulted.

Your hospital has but one aim—to serve. To care for the county poor well with the least expense to the county. I believe we are doing just that.

The advice and counsel of the Commissioners has been to me a great help and I would gratefully acknowledge it. The cooperation of the management and also of all connected with the institution has been a great factor in making this past year a successful one.

Respectfully submitted,  
ELMER M. MILLER,  
County Physician.

## Summary of Farm Accounts of the Grafton County Farm

---

The system of Farm Accounts set up and kept by the Farm Committee for 1932 was continued for 1933 on the recommendation of the Farm Committee and the County Commissioners.

This system of Farm Accounts was set up to determine the value of the Farm to the Institution and provides for a complete set of farm records, separate from the Institution accounts.

The "farm accounts," a summary of which follows, shows an operating profit for 1933 of \$899.55, as compared with an operating loss of \$333.08 for 1932.

The accounts have been kept by Superintendent Earl Andrews and County Agricultural Agent W. Ross Wilson.

#### EXPLANATION

The inventory value of the animals in the dairy herd has not been increased. An increase in value could be justified however because:—

- a. During the year just ended the herd has had a 100 percent negative test for Bangs Disease or contagious abortion. It's under state Supervision for Bangs Disease. This fact is of much importance to the production and sale value of the herd.
- b. It's under state and Federal supervision for tuberculosis and is in the accredited list.
- c. Use of quality Pure Bred sires, a systematic breeding program and culling the poorer animals are getting results in better individuals.
- d. The average production of the milking herd for the 6 years it has been tested in the Grafton County D. H. I. A. has increased from 6,344 pounds of milk and 227 pounds of fat in 1928 to 9,042 pounds of milk and 301 pounds of fat in 1933 or 2,698 pounds of milk and 74 pounds of fat.
